GOLF CLUB MONTECHIARELLO (New) (Reggio-Calabria / Italy)

Construction in Montechiarello was interrupted in the autumn of 2000 because of some administrative problems and building was finally resumed in July 2001. This nine-hole course with excellent training facilities is situated at 790 meters above sea level, just above Reggio Calabria with magnificent views over Mount Etna, Sicily, Stromboli and Messina. The course needs to be seen to be believed as it boasts a few incredible and unique holes coupled with breathtaking panoramas! The layout must be played by anyone passing anywhere near Reggio. Construction is slow due to the laid-back attitude experienced in this part of the world but a soft opening is expected by the Summer of the year 2003.
