Dear Michele,

March 12, 2000

You truly show your love in San Tauro and the Calabria Region in everything you do. It helps make our stay here an adventure to remember. Your enthusiasm and exact details of everything is amazing! Thanks so much for all the information - we really appreciated all the help and the wonderful work you have done to restore your Villa.

We loved Reggio and Tropea, but most of the time (6 nights) we stayed in San Tauro relaxing, walking and eating at your favorite restaurants. We also loved your CD and hope to pick one up (we'll ask Silvia where we can purchase it) before we leave. --- We'll talk to you soon.
